CHARACTER OF THE REGION

Western-Harju Partnership territory is cohesive in terms of geographic location, history, socio-economic indicators and general economic development. Owing to the comparatively sparse settlement, the locality has managed to preserve beautiful nature, a great number of sights worth seeing as well as traditions, which attract visitors from even faraway places.

OBJECTIVES OF THE LOCAL DEVELOPMENT STRATEGIE

Strategy main directions are developing social networks, local services and infrastructure to create a decent and attractive living and visiting environment, which offers its residents possibilities for work and recreation on the spot.

- Strong identity through community building and measures to support the sustainability of the activities of associations
- More citizens' contentment through diversified and more readily available services on local level
- Attractive living environment and greater appeal to visitors through improved living and environmental conditions

MAJOR PROJECTS

Development of territorial tourism, with the goal to design a more attractive visiting environment.

The motivation programme of spark people has been initiated to ensure that the territory's spark people have been noticed and motivated through events offered to them

IDEAS FOR TRANSNATIONAL COOPERATION

Development of territorial tourism

Entrepreneurship in periurban areas

Motivating young people and spark people
